2019 Family Firm Institute Academic Awards

Submissions for 2019 Family Firm Institute Academic Awards are now open.

The Best Doctoral Dissertation and Best Unpublished Research Paper awards have been given annually by the Family Firm Institute (FFI) since 1989. They recognize the research accomplishments of academics around the world and ensure that emerging knowledge continues to be key to the growth and education of FFI members and the family enterprise field.

The Best Doctoral Dissertation Award is given to encourage and recognize outstanding academic achievement in the field of family business study. The Best Doctoral Dissertation is awarded annually after a blind peer review of all submissions. Dissertations may be on any topic of relevance to the understanding and appreciation of family firms and/or family firm advisers. Dissertations must have been written as part of a graduate course of study at an accredited academic institution and defended in the last calendar year.
